**BENEFITS OF
STUDENT
ENGAGEMENT IN
EXTRA CURRICULAR
ACTIVITIES**

Extracurricular activities provide a channel for reinforcing the lessons learned in the classroom, offering students the opportunity to apply academic skills in a real-world context, and are thus considered part of a well-rounded education.

This flyer contains community based clubs, activities, and sports for elementary aged students to participate in.

Clubs and sport groups have a Facebook presence as well as being promoted on the school and community information pages.
